

Update on Traffic Management Working Party actions

	Issue	Action	Update
1.	General overview of traffic issues in town		
2.	a) Speed Restrictions Offer from resident of New street to pay for speed survey.	Request information from HC regarding requirements and restrictions. Cost of a speed survey to be ascertained.	Approximate cost for speed survey = £540 An assessment of the location for each survey would need to be carried out by BBLP. Survey itself would be carried out by a sub-contractor. BBLP unable to give an approximate timeframe from initial assessment to survey taking place.
	b) White Lining/Road Markings	Consider options for eye inspection of condition of road lines in the parish.	Local resident willing to conduct an eye inspection of the condition of road lines in the parish.
	c) TROs - Masefield Avenue, Belle Orchard, Queen's Court, Bank/Homend Crescent	Cllr Harvey to investigate options to progress residents' parking schemes in the north ward	Cllr Harvey (in ward member capacity) currently consulting with residents in Belle Orchard/Belle Orchard Close and Queen's Court. Has submitted petition to HC from residents in Masefield Avenue about an Residents Parking Zone (RPZ), and is awaiting a response. Not presently investigating RPZ in Bank Crescent as other measures may be more appropriate.
	d) Parking/Double Yellow lines	Clerk to request the yellow and white line maintenance programme in the parish for 2016-17 from BBLP	BBLP advised that there is no road marking maintenance programme. Following budget cuts, BBLP will only carry out road marking maintenance to critical priorities i.e. those markings where visibility is very reduced and this is done on a reactive basis i.e. as and when reported.

Update on Traffic Management Working Party actions

	e)	Patching and Potholes	Investigate implications of committing to extend Council's capability under the Lengthsman Scheme in 2016 to include pothole repair. cost of	LTC not able to join enhanced scheme (to include pothole repair) in current financial year. The Lengthsman grant will be reduced to 25% of the level today i.e. £30/km in 2017/18, and then reducing to £0 in subsequent years.
4.		Traffic on Hereford Road – SID status	Request update on status of device. It was agreed to refer the matter to the next Traffic Management working party for further discussion.	Faulty device removed. BBLP is renewing its SID stock; none currently available for hire. Hire charges are currently under review. Traffic survey has to be completed before any SID hire is approved.
